

OUTGOING EXCHANGE FINE ART

1. Application and folio requirements

Applicants must submit a folio of digital images or video. The folio should consist of, or document, recent work relevant to your specialisation – a maximum of 15 images or 10 minutes of video.

Drawing: Applicants should provide drawings demonstrating an engagement in drawing and related processes. The folio should include life drawings, sketches and/or any other relevant work such as new media.

Painting: Applicants should provide paintings, sketches, drawings and other works on paper. These other works may include prints, collage, photo and digital based works, sketch and ideas books.

Photography: Applicants are required to provide visual material which demonstrates an exploration and expression of ideas with an emphasis on lens-based media including slides, prints, videos and films.

Printmaking: Applicants should provide prints, drawing (figure and general), paintings and/or digital images.

Sculpture and Spatial Practice: Applicants should provide a folio with evidence of a developing interest in sculpture and spatial practice, preferably by the presentation of works or projects.

2. Restrictions & Limitations

Exchanges are normally only available for undergraduate students, as postgraduate courses are mostly single-year courses.

Students cannot go on exchange in the first or final semester of their Bachelor of Fine Art course. Art normally prefers students to go in the second year of the Bachelor of Fine Art. Enrolment at host institution must be equivalent to their own, especially in terms of Studio Studies.

3. Exchange Partners with tuition relevant to Fine Art students

NB These partners vary in the degree to which they offer equivalent programs to the Bachelor of Fine Art. Prospective exchange applicants are advised to check if the institution in which they are interested provides tuition that will meet their University of Melbourne course requirements.
