

OUTGOING EXCHANGE BACHELOR OF PRODUCTION

1. Application and folio requirements

Please see Production for information about application requirements.

2. Restrictions & Limitations

Students cannot go on exchange in the first or final semester of the Bachelor of Production.

Exchanges are normally only available for undergraduate students, as postgraduate courses are mostly single-year courses.

Production normally prefers that students go in first semester of third year of Bachelor of Production as students normally undertake a secondment in this semester anyway.

Enrolment at host institution must be equivalent to the Bachelor of Production.

3. Exchange Partners with tuition relevant to Production students

NB These partners vary in the degree to which they offer equivalent programs to the Bachelor of Production. Prospective exchange applicants are advised to check if the institution in which they are interested provides tuition that will meet their University of Melbourne course requirements.
