**“Music washes away from the soul the dust of everyday life” Berthold Auerbach**

The Victorian College of the Arts is proud to launch the **VCA Music Concert Calendar - Semester 2, 2007**. VCA Music attracts outstanding young musicians and boasts one of the most superb performance programs in Australia. VCA Music employs an integrated program of education and training to assist students on their journey to become leading practitioners in the field.

The VCA Music Concert Calendar, 2007 – Semester 2 program, runs from July to November. The concerts performed by current VCA Music students, in the heart of the Southbank arts precinct, feature a young, fresh and innovative approach to music performance. The program embraces an exciting and eclectic selection of musical styles and genre.

This is a unique opportunity to experience the work of Australia's finest emerging musicians, doing what they love most, at some great Melbourne venues including the Butterfly Club, Federation Square, NGV International, The Palms at Crown, the Iwaki Auditorium: ABC Southbank, the VCA, Bennetts Lane and Paris Cat Jazz Clubs, and St Johns Southgate.

All performances are open to the public and include free and ticketed events. On the bill are Free Lunchtime Concerts; performances by VCA Music Improvisation students; Classical Cantatas; performances by the VCA Symphony Orchestra; the VCA Jazz Series, Music Theatre and new works by VCA Composition students.

*VCA Music was established in 1974. Initially with a focus on classical repertoire and performance, VCA Music has expanded over the years to embrace improvisation, composition and music theatre. VCA Music's programs promote the highest standards in music enquiry, creativity and performance and are supported by a regular program of workshops and master classes, throughout the year.*

*The Victorian College of the Arts is Australia's premier visual and performing arts training institution. The College is unique in Australia as it offers training across major artistic disciplines. Students are encouraged to develop their own artistic language and consequently graduate as self-determined and autonomous artists.*

*On January 1, 2007 the Victorian College of the Arts became a faculty of The University of Melbourne.*
